PROFESSIONAL SUMMARY

Hello! I'm Sravan, an enthusiastic MCA student passionate about exploring the world of software development, data science, and artificial intelligence. I love solving problems, learning new technologies, and creating impactful solutions that make life easier. I am currently pursuing my Master of Computer Applications (MCA) at BVC College, with a strong interest in building a career in the IT industry. My academic journey has equipped me with a solid foundation in programming, algorithms, and emerging technologies. My goal is to work in a challenging environment where I can apply my skills, grow professionally, and contribute to innovative projects.

SKILLS

Programming Languages: Python, C, Java

Web Development: HTML, CSS, JavaScript

Tools & Platforms: Git, GitHub, VS Code

Concepts: Data Structures, Algorithms, Database Management, OOP
